PROFILE SUMMARY

Software Development student with hands-on experience designing and implementing complete software systems across web, desktop, and cloud-based environments. Have worked with C#, PHP, and SQL to build multi-role applications involving authentication, database persistence, and enforced business rules.

EDUCATION

2023 - 2027

TUS MOYLISH

- B.Sc. (Hons.) in Software development

2018 - 2023

ST.MUNCHIN'S

- Leaving Certificate 2023

PROJECTS

Networking Project

Tech: C#, WinForms, MySQL, Azure (Virtual DB), DevOps

- Co-developed a desktop application for managing room and resource bookings for students and staff.
- Designed and configured a cloud-hosted MySQL database on Azure with a local fallback database for redundancy
- Built core UI components and contributed to business logic and database integration
- Set up version control and team workflow using Azure DevOps for a 3-person team over a 2.5-month development cycle

Web Development Project

Tech: PHP, CodeIgniter, MySQL, HTML/CSS

- Designed and built a solo full-stack e-commerce web app using CodeIgniter's MVC framework.
- Implemented role-based authentication with separate Admin and User interfaces.
- Applied basic security measures during account creation and authentication workflows.

Networking Project

Tech: AWS, Cisco Packet Tracer

- Designed and deployed AWS lab infrastructure including VPCs, public/private subnets, route tables, and auto-scaling groups.
- Configured VLAN-segmented networks with inter-VLAN routing in Cisco Packet Tracer to demonstrate traffic isolation and network design fundamentals.

TECHNICAL SKILLS

LANGUAGES

- C#, C++, PHP, SQL, HTML/CSS, Java

FRAMEWORKS

- WinForms, CodeIgniter

TOOLS & PLATFORMS

- GitHub, DevOps, V.S, IntelliJ

DATABASES & CLOUD

- MySQL, AWS, Cisco Packet Tracer

LANGUAGES

- English: Fluent
- Polish: Fluent
- German: Basics

WORK EXPERIENCE

Kamil Limerick Painters

2025

Painting Assistant

- Assisted in the preparation and execution of interior and exterior wall painting projects, ensuring high quality finishes, attention to detail and on schedule.
- Supported the team with material handling, surface preparation, and clean-up, contributing to efficient project workflows and client satisfaction.

Secondary School 6th year

2022 - 2023

Year Group Ambassador

- Chosen from a large group of students for leadership roles and special initiatives.
- Actively represented the school at various events and trips, showcasing leadership and strong communication skills while engaging with diverse audiences.
- Proposed and developed ideas for school improvements.

Volunteering

2018

Community Clean-up Volunteer

- Participated in an organized clean-up efforts in the Garryowen region while improving the local environment.
